ADDENDUM # 3

BID # 7461247

BID TITLE: CHARLESTOWN BREACHWAY ROCK REMOVAL

OPENING DATE AND TIME: 3/20/2013 2PM

THIS ADDENDUM POSTS REVISED MAP SHOWING STATIONS. DISREGARD MAP ON ADDENDUM 2.

THIS ADDENDUM PROVIDES A PRE-SANDY SURVEY FROM THE ACOE. EXACT DATE UNKNOWN BUT SEVERAL YEARS OLD. PROVIDED IN PDF FILE.

THIS ADDENDUM ANSWERS QUESTIONS SUBMITTED TO BIDINFO@PURCHASING.RI.GOV ACCEPTED UNTIL 12 NOON (EASTERN) ON MARCH 12, 2013.

WE DOWNLOADED ADDENDUM #2 FROM THE WEB SITE TODAY AND SEVERAL REFERENCES ARE MADE (TO) THE DRAWING IDENTIFYING THE STATIONS, ETC. NO SUCH DRAWING IS INCLUDED IN ADDENDUM #2. PLEASE CLARIFY.

SEE REVISED DRAWING ATTACHED TO ADDENDUM 3.

... DOES THE "PUBLIC COPY" REQUIRED TO BE ON CD? OR CAN THIS BE SUBMITTED IN PAPER FORMAT?

THIS IS AN RFP. AS SUCH ONLY THE VENDORS NAMES WHO SUBMIT PROPOSALS WILL BE READ AT THE BID OPENING. A PUBLIC COPY IS NOT REQUIRED TO BE SUBMITTED.

.....IF YOU ARE GOING TO ISSUE AND ADDENDA I WOULD ALSO RECOMMEND THAT THE STATIONS "STA" REFERENCED IN THE PAY ITEMS ARE INDICATED ON THE DRAWING PROVIDED IN ADDENDUM #2 AS THEY ARE NOT AND IT IS SOMEWHAT CONFUSING.

ADDENDUM # 3

BID # 7461247

BID TITLE: CHARLESTOWN BREACHWAY ROCK REMOVAL

OPENING DATE AND TIME: 3/20/2013 2PM

ADDENDUM 2 CALLS OUT STATION NUMBERS. THERE ARE NO STATION NUMBERS ON THE DRAWING. PLEASE CLARIFY.

SEE REVISED DRAWING ATTACHED TO ADDENDUM 3

ADDITIONAL QUESTIONS:

- 1. Please confirm that "Work Area (A)" as identified on the aerial plan of the site provided within Addendum #2 encompasses STA 0+00 to 3+50 and that "Work Area (B)" as identified on the same plan encompasses STA 3+50 to 4+75.**

YES, THAT IS WHAT IS SHOWN ON THE PLANS AND CALLED OUT IN THE PAY ITEMS.

- 2. It will be necessary to remove rocks in "Work Area (B)" in order to be able to safely access "Work Area (A)". Will the State pay the contractor to remove rocks in "Work Area (B)" that need to be removed in order to safely access "Work Area (A)" even if contract line item #3 (for "Work Area (B)") is not awarded?**

BASED ON THE PRE-REMOVAL SURVEY, IF THE CONTRACTOR CAN DEMONSTRATE THAT HE MUST REMOVE ROCKS FROM AREA B IN ORDER TO SAFELY ACCESS AND PERFORM THE WORK IN AREA A (NOT FOR CONTRACTOR CONVENIENCE), THE STATE WILL PAY THE CONTRACTOR EVEN IF ITEM #3 IS NOT AWARDED.

ADDENDUM # 3

BID # 7461247

BID TITLE: CHARLESTOWN BREACHWAY ROCK REMOVAL

OPENING DATE AND TIME: 3/20/2013 2PM

- 3. *There appears to be a discrepancy between the plan provided in Addendum #1 and the plan provided in Addendum #2 with respect to the location of the 60' wide channel relative to the location of the rocks. Should the contractor figure that it will only be necessary to clear a 60' wide channel and that any rocks that are outside this channel (for example the rocks that are identified on the plan in Addendum #2 that appear to be West of the 60' wide channel) but still fall within a "Work Area" will only need to be removed if necessary for access as determined by the contractor?***

THE "WORK AREA" IS SIMPLY SHOWN TO SET STANDARD LIMITS FOR THE SURVEY AREA AND THE ACCEPTABLE AREA FOR THE 60' WIDE STRAIGHT CHANNEL. THE CONTRACTOR IS ONLY RESPONSIBLE FOR THE REMOVAL OF ROCKS WITHIN A 60' CHANNEL WITHIN THE WORK AREAS ROUGHLY AS SHOWN. IF BASED ON THE SURVEY IT MAKES SENSE TO MOVE THE CHANNEL SLIGHTLY EAST OR WEST OF WHAT IS SHOWN THE CONTRACTOR AND THE STATE WILL COME TO AN AGREEMENT PRIOR TO THE REMOVAL OF ROCKS.

- 4. *Is there any additional survey data (specifically bottom contours) available from the survey that was provided with Addendum #1?***

I HAVE PROVIDED A PRE-SANDY SURVEY THAT I HAVE FROM THE ACOE. I AM NOT SURE OF THE DATE BUT IT IS SEVERAL YEARS OLD. IT IS PROVIDED SIMPLY AS HISTORICAL DATA FOR THE AREA AND THE CONTRACTOR SHALL ASSUME ANY RESPONSIBILITY BY USING THIS INFORMATION.
